

Mike Myers Designs, Inc.
Home Glass Party Information

Having a home party is very simple. Fill out the form, email to Renee' (mikemyersdesigns@gmail.com) and I send an e-vite to everyone on your list. You make some finger food and supply beverages on the day of the party and I handle the rest.

The parties are set up in an "open house" style, where you set the time and people are free to come and go as they please. The party is cash and carry, unless someone wants to special order a specific product, they take home what they want the day of the party.

You receive a hostess gift when I arrive and also receive a percentage of all sales. Your hostess money goes towards any item of your choosing or we can create a gift especially for you or someone you love.
